Whereas, we are convinced that the proposed location will entail a waste of state highway funds on account of the swampy character of much of the area to be crossed and as well will make necessary either an additional grade crossing or the construction of a costly overpass; and

Whereas, Removal of the main thoroughfare from West Rindge Village will bring disaster to the modest business enterprises now being conducted there and as well will result in a reduction of taxable valuation; and

Whereas, Removal of the state highway from the present location will bring upon the Town the expense of maintaining it as a town highway; and

Whereas, Connection from the proposed new location to Route 202 to the north will cause serious defacement to our beautiful common; and

Whereas, We believe that the present location between Ledgemoor Farm and West Rindge Common can be widened and straightened satisfactorily at far less expense; therefore, be it

Resolved, That we hereby express our strong opposition to the proposed relocation and urge those in authority to undertake improvement of the present highway; and be it further

Resolved, That a copy of these resolutions be transmitted to Governor Sherman Adams and the Honorable Council and to Honorable John O. Morton, Acting Commissioner of Public Works.

The Meeting Adjourned,

ROLAND C. GODDARD,

Town Clerk.

REPORT OF THE TRUSTEES OF INGALLS MEMORIAL LIBRARY

For the Year Ending December 31, 1952

We think the Library has served more townspeople and given better service during 1952 than ever before. Visitors in town are surprised to find a Library so well equipped with current books and so beautifully furnished in so small a town as Rindge. Credit is due to those who use and take so much interest in it. We received many compliments during Open House on Pioneer Day.

At that time, Mr. and Mrs. George Wallace of Fitchburg gave $100.00 with the wish that it be used for the young people. We decided, with Mrs. Gray, to use the money for special, expensive books which we would not think it possible to buy without this gift.

In connection with them and to make the greatest contribution toward their use, Mrs. Gray is prepared to give talks and short lectures whenever the children have extra time in the Library. We find all of the children interested in these copies of great paintings and illustrations of art and believe it will give them a cultural background and love of beauty at an important period in their lives.

We are greatly pleased that all of the teachers at the Memorial School are using the Library to so great an extent in connection with the student's studies.

We appreciate the work Mrs. Gray continues to do with the children and the neatness of the grounds and care of the building by Mr. Crowell. We take this opportunity to thank Miss Morgan for substituting to allow Mrs. Gray a vacation.

Our thanks to all who have made suggestions for the betterment of the Library or who have given books or magazines or assisted in any way.

HARRIS H. RICE,
HARRY E. SHERWIN,
MARY E. SHEPHERD,
Trustees.

The year of nineteen fifty-two was both a pleasant and successful one in the library.

During the summer the Bookmobile began making regular visits, bringing the choice of many books for both adults and children.

Because of this aid, it has been possible to add several very fine books to our rather antiquated reference library. These have included bird guides, biology, handicraft, biographies and some very beautiful art books.

As always, the friends of the library have been most generous. The following have contributed magazines, books and papers, and to them the trustees and I extend our thanks: Mrs. Wallace Coates Jr., Mrs. Harold Rice, Mrs. Russell White, Prof. Douglas Adams, Mrs. Hugo Logerman, Miss Clara Cleaves, Mrs. Warren Ames, Mrs. Margaret Allen, Miss Marcia Richardson, Mr. George Duval, Mrs. Alfred Pratt, Mrs. George Coppers, Mrs. Robert Whitney, Mrs. Leo McInnes, Mrs. Fred Howard, Mrs. George Lapham, Miss Patricia Strack, and Miss Eula Ferguson, Miss Ferguson also presented a rug for the Children's Room which has added much to the attractiveness of that room. Two donations were also received for the museum. From Rodney W. Stratton a small trunk containing clothing and albums. From Mrs. Lewis H. Lovering a quilted bedspread and some old family silver.

To the trustees of the library, I extend my thanks for their assistance and to Mr. Crowell my appreciation of his ever-ready helpfulness.

Respectfully submitted,
CARRIE S. GRAY,
Librarian.

B. ADMINISTRATIVE POLICY

The aim of every School Board and Superintendent of Schools is to make every pupil's school environment as favorable for effective learning as possible. With this thought in mind, the school year of 1952-53 started with two grades assigned to each teacher. Although the enrollment in the different rooms was not equal, this plan seemed to have the greatest merit for the time being. Soon, however, it became evident that the teaching loads in the two rooms enrolling

Grades 1 through 4 were greater than expected and too great for efficient instruction. To correct this condition the employment of an additional teacher was authorized, to begin with the reopening of school after the Christmas vacation, the fourth grade was moved to the auditorium, and the second grade was divided—part staying with Grade 1 and part going in with Grade 3. This plan gives teachers much more chance to attend to the specific needs of each child.

The fine leadership of the Rindge Memorial School's first Principal, Mrs. Mae J. Deschenes, was sorely missed when she became ill last April, and had to resign. Mrs. Martha Hale very kindly consented to help out for the balance of the year. At the close of school in June, Miss Leonard was the only one of the four regular teachers planning to return in September.

The new year opened with promising prospects, but in November Mrs. Ruth Fisher, who was teaching the 37 pupils in Grades 3 and 4, had to resign because of home responsibilities; and in December Mr. Clarence O. Richardson, the Principal, resigned because he had become convinced that he should leave the teaching profession. During December Mrs. Deschenes and Mrs. Stebbins substituted for Mrs. Fisher, and during the Christmas vacation period Miss Waterman and Mrs. Hammond were engaged for the lower grades, and Mr. Johnson as Principal. As this Report goes to the printer, the morale of the school is again excellent.

B. PROGRAM AND METHODS

Last year's Report mentioned the need for additional instructional aids to keep the methods of instruction reasonably efficient. Evidently the need was sensed by all, for the response was immediate and gratifying. We now have a new sound-movie projector and screen, a new typewriter with large

type and a new liquid duplicator for the preparation of seat-work material, a new set of encyclopedias, and a fine piano which was donated. Also we are about to have a film strip and slide projector as the result of a donation of $125 from interested friends of the school. These aids to learning are essential, for we cannot prepare boys and girls in a super-sonic speed age with horse-and-buggy methods.

Some wonder why it takes any more training to teach today than it did a generation ago. Our knowledge of how children learn has increased in the past thirty years as much as our knowledge of radio, television or radar. A repairman with only 1923 knowledge would not be worth much repairing and adjusting a 1953 automobile. In today's schools we cannot prepare tomorrow's citizens with yesterday's methods and tools.

Several items in this budget deserve some comment.

1. **Teachers' Salaries**: Probably the most important school problem facing the people of Rindge is that of determining the broad plan for taking care of the educational needs of the 130 pupils expected to be enrolled in grades 1 through 8 next September. The normal capacity of the new school building is 100 pupils: that is 25 pupils in the two grades per teacher for the four teachers. Especially with two grades in a room, satisfactory results cannot be expected with more than 25 pupils per teacher. Occasionally teachers can be found who can instruct more with reasonable efficiency, but they are the exception rather than the rule. The present plan of having one class in the auditorium was decided upon to keep the classes small enough for good instruction. This is definitely a makeshift arrangement. There are two possible solutions to the problem of planning for the 130 pupils: (1) to build onto the present building an additional classroom, (2) transport the seventh and eighth grade pupils to another school. The first suggestion seems out of the question for September 1953. Therefore the budget has been planned to provide four teachers for the expected 110 pupils in grades 1 through 6, and to transport the approximately 21 pupils in grades 7 and 8 to Jaffrey. This plan provides for a broader and fuller program for the pupils of the Junior High ages than can be offered in the local school. They can participate in athletic activities and get exploratory experiences in shop or home economics, as well as receiving the benefits of broader associations.

2. **Transportation**: The estimate for the cost of transportation is based on the plan of having the school bus run from East Rindge to Jaffrey with grades 7 through 12, pick up West Rindge pupils on its way back to Rindge Memorial School, then run out to East Rindge and back to school. It is believed that this plan would work satisfactorily with the local school

beginning about fifteen minutes later than now, and would provide much needed transportation for the High School pupils now having to find their own means of getting to school, all at very small cost to the district.

3. **Tuition**: This item is based on an estimate of 9 pupils in grades 7 through 12 going to Winchendon, and 40 in grades 7 through 12 going to Jaffrey.

TEAM WORK WILL DO THE JOB

Teamwork has won victories from time immemorial—for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate—we must have team work. The remedy is simple—

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER—Only YOU and YOU and YOU can prevent fire!
TEAM WORK WILL DO THE JOB!
